Dear Bay,

Next year, we'll meet you as THAIFEX - Anuga Asia! Our rebranding builds on our leadership position as Asia's largest and most influential trade show and combines this with Anuga's global standing as the world's largest trade fair and a celebrated 100-year-old brand.

By bringing Anuga to Asia and synergising two high-quality, well-respected shows, we're set to attract an even larger and broader international audience. That means more insights, more inroads, and more business opportunities for you!
